

Volunteer Report

Open Space and Regional Park Commission Meeting
March 2022

January Volunteer Updates

- January Volunteer Hours = 327.5
This is an increase of over one hundred hours compared to January of last year, likely due to the drier and warmer weather.
- We are thrilled to see an increase in interest from UNR groups wanting to return to volunteering. In the month of January, Alpha Phi Omega spent a Saturday morning raking leaves at Rancho San Rafael Park.
- Regular individual volunteers at the Arboretum, the Nevada Farms and Families area of Rancho San Rafael Park, the Hive at Lazy 5 Regional Park, and the Galena Creek Visitor Center contributed service hours in the month of January. However, the most significant sum of hours was thanks to LDS Missionaries that volunteered at Davis Creek Regional Park, South Valleys Regional Park, and Galena Creek Regional Park.
